Candidates

RECRUITERS

"Close candidates, not data entry"

- AI resume parse in seconds + auto careers applications
- Kanban pipeline · multi-job submit · Match Score /10
- ★ WhatsApp inbox (Meta API) + AI reply drafts
- Built-in video interviews · AI screening questions
- ★ Follow-up engine: offer → Day 90, before they ghost

HIRING MANAGERS

"Your whole team's desk at a glance"

- Team pipeline, workload & today's interviews
- My candidates ↔ Team view toggle
- AI Job Description generator (IT, BPO, banking...)
- Review scorecards before client shortlist
- Per-recruiter performance: submits → joins

OWNERS / ADMINS

"Run the business, not the spreadsheet"

- Org KPIs, funnel, leaderboard, live activity
- Clients + geo-match · branded careers page
- Reports & analytics — export CSV/Excel
- Logo, colours, WhatsApp signatures
- Razorpay billing (UPI/cards) · GST · private data

CANDIDATES

"Zero friction. No app to install."

- Apply on phone: name, number, resume — done
- Instant application confirmation email
- Interview invite on WhatsApp + calendar file
- One-tap browser video join · mic check included
- No downloads. No friction. Higher show rates.

THE AI LAYER — WORKS FOR EVERY ROLE
